

Invitation to join an exclusive 1.5 day long expert workshop on the topic ‘Developing new carbon neutral districts’ in Copenhagen (Denmark), 19 – 20 November 2009

ICLEI – Local Governments for Sustainability, European Secretariat and the City of Copenhagen, are pleased to invite you to participate in an exclusive expert workshop about carbon neutral urban development.

The City of Copenhagen has recently completed a project about carbon neutral urban development. This project has demonstrated that it is possible to develop carbon neutral urban districts. Many of the needed technologies already exist but we need to find new ways to cooperate - and to focus on how to attract investors.

The workshop will take place on **19-20 November 2009 in Copenhagen**, only a few weeks before the opening of COP 15, where nations will gather in Copenhagen to negotiate a new international agreement on climate change.

Programme: Please find the current draft programme attached to this e-mail.

Registration:

There will only be a limited number of 45 seats available for the workshop, so you are encouraged to sign up as soon as possible. Please find more registration information in the attached draft workshop programme. **Registration deadline is 13 November 2009.**

In case you have any further questions, please contact:

Annette Egetoft: aneget@tmf.kk.dk, +45 33 66 58 26

We are looking forward to welcoming you to Copenhagen!

Best regards

Annette Egetoft, Senior Advisor
City of Copenhagen
